Fish and Game Assoc. Hold Meeting

The Coleman Fish and Game Association held a meeting in the Grand Union Hotel May 11th attended by some 27 members.

A lengthy discussion was held by the club on the restocking of fishing waters in this Crownest Pass area. The secretary was instructed to write a letter to the proper provincial government authorities with a view to finding out how many fish would be available for planting in the local waters this season.

A committee was appointed for the purpose of arranging for prizes and trophies for club members for large fish caught during the season.

The membership committee reported that the club had now reached an all time high and attempts were to continue to increase the membership from its present figure of 260 sportsmen.

Following the showing of two interesting films, a lunch was served. The next meeting of the group will be held in early June.

Will Make Safety Check

Check your car, check your driving and live, recommends the Blaimore Detachment RCMP.

May is the month for the annual car check drive sponsored by the Canadian Highway Safety Council. The campaign is organized to make the motorist aware of the urgent need to check his car thoroughly after a winter of driving.

In support of the program the Blaimore Detachment has warned that vehicles will be checked especially carefully in the Crownest Pass district for general condition. Violators will be charged accordingly the RCMP said.

The safest method of ensuring an automobile's top condition is to have it checked by a qualified mechanic, but there are a number of points which anybody can check. Some of these points are: brakes, tires, horn, windshield wipers, turn signals, lights, steering, exhaust system, rear view mirrors and glass."

Library to Recess

Reverend de Leeuw, librarian of the Coleman Community Library has reported this week that there are a good number of adult and children's books on the overdue list. Since the library board have decided to recess for the summer months of July and August, it is requested that an attempt be made by the persons holding these books, to return them to the library. Deadline for the return of the books is June 28th after which the library will be closed until the first Thursday in September when it will be re-opened for the winter months.

C.W.L. Officers Installed

The Coleman Catholic Women's League held its regular meeting recently when a new slate of officers for the coming season were installed to office. The new slate comprises President Sofia Lepack, secretary Ann Vasek, treasurer Lorraine Aiello.

Jim Coutts made a visit to the mine in Coleman recently, meeting the men as they came off shift. The Macleod Liberal candidate who has worked in campaigns in the Pass and between elections in the past has become well acquainted with people of the mining towns and so far has spent much of his campaign time listening to and learning about their views on the future of the area.

Mack Gordon Named District Deputy Of District No. 2

The Elks District meeting held in Coleman Elks hall last week was attended by over 100 Elks. Exalted Ruler Doug Skinner of Coleman lodge was chairman of the meeting with Coleman officers in the various chairs. Exalted Ruler Skinner turned the meeting over to the District Deputy Grand Exalted Ruler Henry Zak Jr. of Coleman after which a number of resolutions and motions were dealt with. District Deputy Elmer Macleod of District 2 Past Exalted Ruler Mack Gordon of Galloway, B.C., representing the Fernie Lodge was present and introduced to the meeting. Following the business a most lively banquet with tripping prepared by Bert Young and committee comprising George Taggart, Don Filafilo, Hans Aebli, Robert Zak, Norman Hammer and Jim Wright was served.

Skip Gettman Lands Big One

Skippy Gettman enjoyed a once in a lifetime experience last week when he hooked onto and landed an eight pound rainbow trout in the Gap area. Skip is reluctant to say exactly where he got the big one and indications would signify that other trips to the favorite spot are being planned. The fish before being cleaned weighed well over nine pounds and measured 27 1/2 inches in length and 17 inches around. Three other Coleman men John Velas, Harry Parkinson, and Paul Flöwisch have also brought in fish well over three pounds from the same district.

K. of C. Form Pass Council

Over sixty new members were initiated into the Knights of Columbus for southern Alberta May 19th at Lethbridge. The degree teams from Calgary and Lethbridge were directed by District Deputy Ed Torscher of Bow Island and District Deputy Joseph A. Jordan of Fort Macleod.

The Crow's Nest Pass members who were initiated were Romeo Thibert and Trevor Collier of Coleman, Gerard Thibert of Lundbreck, Thomas Dowson of Hillcrest, Roland Gauthier and Jacob Kuypers of Bellevue, Eric Poole, Dr. A. J. Krebs, John Vigna, Joe Dobek, Henry Spatuk, Valentino Catonio, Francis Catonio, Eugene Rojek, Walter Rojek and Ernie Panin, all of Blaimore.

A new council is to be formed in the Crow's Nest Pass and a meeting was held in the Bellevue Parish Hall on Sunday, May 20th at 8 p.m.

Hillcrest Boy Injured

William (Billie) Kovach Jr., son of Mr. and Mrs. W. Kovach, M.L.A. of Hillcrest recently received injuries while riding a horse in the mountains on their ranch land. He was thrown from his horse causing injuries and was taken to the C.N.P. Municipal Hospital. Friends are pleased to hear that he is progressing favorably.

Jim Coutts made a visit to the mine in Coleman recently, meeting the men as they came off shift. The Macleod Liberal candidate who has worked in campaigns in the Pass and between elections in the past has become well acquainted with people of the mining towns and so far has spent much of his campaign time listening to and learning about their views on the future of the area.

Premier Manning Visits Coleman

Close to 400 Crownest Pass residents attended a Social Credit meeting held in the Elks Hall on Tuesday night May 17 to hear Premier E. C. Manning and Ernie Patterson Federal Social Credit Candidate Macleod Constituency speak. Chairman of the meeting was Joe Hanichuk while Mayor Alvin Patterson came and introduced the two guest speakers and also William Kovach M.L.A. of Hillcrest.

Premier Manning thumped the pegging of the Canadian dollar and the steadily dropping buying power of the Canadian Dollar. This together with continual rise in price of goods he claimed has priced Canada out of the world markets. Mr. Manning stated that many countries would like to purchase Canadian made goods but the price level is so high that the buyers could not stand the Canadian price as compared to price of similar goods such as those produced in countries like East Germany.

He also commented on the constant rise of the Federal debt which is now in the neighborhood of over \$32 billion thus making every man a debtor and child in Canada in debt to the tune of \$1750.00. He also mentioned the rise in levels of taxation all over the country stating that it was costing Canadians \$1,165,000.00 an hour for taxes.

The premier also spoke on the unemployment problem in Canada today stating that the labour force is growing in size daily and the jobs are becoming scarce due to much automation.

Premier Manning also spoke on the Tories claim that they had arranged for a terrific increase of sale of wheat to Red China but he stated that he doubted very much if the wheat got to the needy people of China. He mentioned the Federal Government's sniping at the United States who have been a good neighbor to Canada. He mentioned the fact that during the war time when gas was rationed in Canada and the States, the Americans who had more gas than Canada shared the gas so that Canadians and Americans received like amounts. He also pointed out that when Canada had gas to export, the Americans opened up a market for Canadian gas instead of developing their own wells in order to assist Canada. At this time the Tory government, he said hindered the export of gas.

Premier Manning also credited high interest rates in Canada as being the cause of much of the grief the country is presently experiencing. He stated on the Tory tight money policy of a few years ago that forced Canadians to go to the New York money markets for loans and now with the pegging of the Canadian dollar, Canadians are paying a high penalty for their loans.

In his closing remarks the Premier stated that there were between 210 and 240 Social Credit Candidates in

Endorse Town Utility In Local Gas Vote

Proprietary ratepayers endorsed a town-owned gas utility here Thursday, May 10, by a vote of 180 to 98. The 98 favored a franchise for a private utility. About 55 per cent of the eligible voters turned out at the polls.

Approval of a town-owned utility now calls for another plebiscite for the borrowing of \$230,000 by the town to build its own gas utility.

It is expected that the borrowing,

the field for the Federal election and urged all in this area to strongly consider the value of Social Credit Member in Ottawa.

Ernie Patterson then gave a short address speaking on the effects the pegging of the Canadian dollar has had on the country. Mr. Patterson stated that the Conservative member had claimed credit for having arranged for the sale of 700,000 tons of coal to Japan. Mr. Patterson pointed out this order was not totally for Alberta but that the major portion of this order was given to British Columbia mines. Mr. Patterson stated the Conservative government claimed credit for being responsible for erection of gas plants in Pincher Creek and area but Mr. Patterson pointed out that the Conservative government were against the export of gas because they had been doubtful if there was enough to supply Canada. He added that because of the Government of Alberta's foresight under Premier Manning, gas plants were built in Alberta and the Social Credit Government saw to it that the bi-product plants were erected in Canada so that the valuable products were removed before export. Mr. Patterson also stated that the Tory Government were claiming they had given \$10 million tax money to Alberta, but he said, they forgot to mention that they took \$60 million dollars out of the province in taxes.

Mr. Patterson also knocked the Conservative's platform of their advocating Canadian vote for a candidate who represents the government in power. How can they, he asked predict who will be the next government in power?

Following the meeting a lunch was served at the Satellite Cafe where some fifty persons had the opportunity of meeting the Premier. During the lunch Premier Manning was presented with an oil painting of Crownest Mountain for which he expressed his appreciation. During a question period held Mr. Manning was asked if there was any industry lined up for the Pass district. He stated that there was a terrific potential for industry in the area and that a good deal of promotion work was being done by the government to bring industry to Alberta. Location of the industry, stated Mr. Manning was up to the industry and not the government.

He said that industry prefers larger centres from where to draw labour forces and other factors, the government prefers decentralized industry, rather than a concentration in one area. He said "I have very strong belief that the coal industry will make a comeback for fuel for electric energy." He mentioned the possibility of thermal power plants in the area and that a good deal of potential consumer. He added that the government has had several serious enquiries regarding this during the past two to three years.

If approved, will be arranged through the facilities of the Coleman Light and Water Company, a utility already owned by the town.

It is believed that Thursday's vote favoring a town-owned gas utility came as a direct result of a meeting held Tuesday evening, May 8. It was attended by 100 ratepayers, with gas company representatives, engineers and town council on hand to direct discussion.

Card of Thanks

The Coleman Grands Hockey club wish to publicly thank the following firms who donated during the past winter, to aid in the operation of the hockey team: Revelstoke Atlas Lumber Co., Coleman BPOE No. 117, Grand Union Hotel, Crownest Bottling works, Salus Stores, Sentinel Motors, Holyday Grocery, Ennis Hotel, Coleman Pharmacy, Brunos Dry Goods, J. Chalmers, Al Krywolt, Slims Tire Shop, Zaks Grocery, Hotel Coleman, Mrs. Kwamie, Frank Abousassy, Owens IGA Store, Coleman Builders and Supplies, Peps Coffee Shop, Rudy's Texaco Service, Coleman Hardware, Grand Union Coffee Shop, Modern Electric, Kanakas Service Station, Little Chief Service Station, Satellite Cafe, Jones & Sorens, Toppoone Grocery, Kropinkas General Store, Filwich Dry Cleaners and the Coleman Journal.

Maple Leafs Defeat Bombers 2-1

The Lethbridge Maple Leafs soccer team defeated the Coleman Bombers by a score of 2-1 Sunday afternoon at the Coleman football grounds. Soccer, which is commonly known in these parts as football (not rugby) has finally come back to life in Coleman.

Under cloudy skies and on a damp field the Maple Leafs took full command of the game for the first half. The Maple Leafs had scored after shot on Bombers' goal, while the Bombers had only two shots on the Maple Leaf goal and these were weak.

The score could easily have been 6-0 instead of 1-0 in favor of Lethbridge. In the second half the Bombers appeared to come to life and made it a better contest even though the Leafs went ahead 2-0. Late in the game the Bombers scored to make it 2-1. With about ten minutes to go two Bomber players started to use abusive language to each other and then started taking a swing or two. The cool weather did little to keep the Bombers' temperance normal.

With 3 or 4 minutes remaining in the game referee Feragotti called a penalty against the Bombers near their goal. As the referee got ready to place the ball and give the free kick to the Maple Leafs one of the Bomber players displayed a very poor sportsmanship and deliberately kicked the ball off the field into the spectators. Referee Feragotti then called the game off in an effort to prevent a possible riot which might ensue after such an outburst.

Where this reporter feels that maybe the referee should not have called the game, he should have certainly thrown both Bombers out of the game for fighting and then thrown the Bomber out who kicked the ball off the field, and then recommended to the league to suspend such players.

Let's hope that if the Bombers play another home game before such a good crowd as they had for their opening game they will display a sportsman's attitude, win or lose.

Remember players, you all made some mistakes but referee Feragotti did and records show Feragotti to be one of the best referees in the district.

Referee Feragotti stated he would resign after the game but we sincerely hope he will reconsider his decision. After all it is only a sport and we should give a lot of credit to Jimmy Koszeji for bringing it back to life.

Former Coleman Resident Passes

Mrs. Matilde F. Londot, Crow's Nest Pass oldtimer died in the Crow's Nest Pass Municipal Hospital on Friday.

Mrs. Londot, 88 years of age, was born in Belgium on March 16th, 1874. She came to Canada in 1904 settling in Lillie. She also lived in Blaimore then moved to Cowley and then to Bellevue and later moved to Coleman where she lived for many years before coming to Bellevue nine years ago. She was of the Protestant faith.

She was predeceased by her husband Pierre in Vancouver nine years ago and her son Nester Londot in Coleman in 1928. Surviving are two daughters, Mrs. Bertha George Thomas of Cranbrook and Mrs. Mary Watson of Bellevue, one son Felix Londot of Lethbridge, four grandchildren and four great grandchildren.

Funeral services were conducted from the United Church in Blaimore at 2:00 p.m. on Wednesday and interment was made in the United Cemetery in Coleman. Reverend K. Twassa of Blaimore officiated at the services.

C.W.L. Hold Successful Tea And Bingo

Winners of prizes at the recent Catholic Women's League Tea and Bingo held in the Catholic Hall Coleman were: wallet, Mrs. E. Ash, pen and pencil set, Mrs. L. Bubnick; Vase Mirror, Miss Pat Moore; wallet, Mrs. Cunningham; desk set, Mrs. J. Kubick; camera, Mrs. Margaret Gate; pen and pencil set, Mrs. R. Moore; bedspread, Mrs. T. Kubik; shaver, Mrs. Dave Power; jewelry set, Miss Gibos and wallet Mrs. M. Sullivan.

Winners of the draw at the tea were: fruit cake, Mrs. M. Salus; dollie, Mrs. E. Skymannet and the tea prize was won by Miss Campbell.

Remington Portable Typewriters

Joseph Venier Services Held

Funeral services for the late Joseph Venier, long time resident of the Pass, were held Friday morning from the Bellevue Catholic Church. Interment was made in the Paschburg Cemetery. Reverend S. Henke of Bellevue officiated. Prayers were said at the chapel of Hall's Funeral Services Ltd., on Thursday evening at 7 p.m. conducted by Dean Tessier of Blaimore.

Mr. Venier, known to many of his friends as "Joe Pie" was 66 years of age. He was born in the Province of Udine, Italy, on June 14, 1895. He came to Canada in 1912 settling in Hosmer where he worked in the mines until 1914 when he moved to Hillcrest. He joined the Canadian Army and served overseas until 1919 when he returned to Hillcrest.

On his return he started up and operated a service station and trucking business on the old number three highway. When the highway moved to its present location Mr. Venier moved his business to its present site and operated it until the time of his death.

He was a member of the Catholic Faith and of the Bellevue Legion. Surviving are his wife Theresa at Bellevue, three sons, Veno and John of Bellevue and Marx of Coleman, four grandchildren and two brothers in Italy.

Military services were conducted at the graveside with Lieutenant Fred Beddington of Coleman sending the Last Post and Revellie and a firing party under the charge of Albert Johnson of Blaimore. Honorary pallbearers were: G. Triant, Victor Bozzer, Tito Basso, John Paguuccio, Nick Kratko and George Clemente.

Plans Under Way For Scout and Cub Hall

Coleman Lions Club held a meeting last week when a new slate of officers for the coming year was elected to office. The slate comprised: President Graham Atkinson, vice-president Joe Gettman, second vice-president Roy Whitehouse, third vice-president Fred McLeod, secretary Denis Coppard, treasurer John Atkinson, and members: Montalbetti, Ion Iam, Art Juhlin, two year directors are Horace Allen and Mayor Frank Abousassy, one year directors are Orazio Celli and John Kinner and bulletin editor is Arthur Graham.

It was reported at the meeting that preparations are now under way for the construction of a scout and cub hall that will also be available to young peoples' groups and activities.

Plans were also discussed by the Lions for the addition of more playground equipment to the Coleman park for the many youngsters that use the facilities. The equipment is to include slides, swings and teeter totter and they will be put in the park area early in June. The Lions also decided to continue with their regular twice monthly bingo nights in the Coleman Elks Hall during the summer months.

CNP Nurses Hold Regular Meeting

Crow's Nest Pass Chapter of the ARNA held their regular meeting from the facilities. The equipment is to include slides, swings and teeter totter and they will be put in the park area early in June. The Lions also decided to continue with their regular twice monthly bingo nights in the Coleman Elks Hall during the summer months.

The draw for the coffee table took place at the Roxy Theatre the same evening. The lucky ticket was drawn by Miss Fay Ferschweiler and won by Miss Lucchini of Bellevue.

Whist Party Successful

The Ladies of the Italian Lodge held a very successful whist drive on May 10th when prizes were won by the following ladies: 1st Mrs. J. Rushton, 2nd Mrs. J. Yates, consolation Mrs. J. H. Kapalka; games 1st Eric Gudmundson, 2nd Mr. Nellie Hott and consolation Mr. L. Boulton. Draw for the cash prize was made and was won by Mrs. J. Yates with ticket No. 253. Lunch was served by the ladies.

H. Ash Injured in Mine Mishap

H. Ash, an outside employee of Coleman Collieries was taken to the Crownest Pass Municipal Hospital on Monday afternoon May 7 following a mishap he had at the mine. Mr. Ash fell from a platform about 25 feet from the ground and cracked several ribs. He was taken to hospital by ambulance and his condition is reported as good.

Visitors Are Coming

The director of the Alberta government's travel bureau has coined a word which he hopes will describe the Albertan attitude towards one of the province's most lucrative industries — the tourist business. Dan E. C. Campbell suggests being "friendly". "Friendly" he says, "is being friendly and courteous".

A provincial government travel bureau advertising campaign in Alberta daily and weekly newspapers and on Alberta television stations will start May 26, and will point out ways in which a "friendly" attitude towards tourism can be demonstrated.

Albertans will be reminded to tell visitors about their local activities and attractions, and to invite them into their homes.

"Get acquainted with the tourists in your campground... show them your garden, your prize hog or dairy herd... invite them to your dance... and share with them the secret of your pet fishing spot," the advertisements suggest.

The need for individual Albertans to have a good knowledge of the tourist attractions in their own communities, and for their efforts to have informative local directional signs to points of interest erected, is stressed, as well as the importance of being friendly, courteous and helpful to visitors the year round.

Vacationers spend more than \$70,000,000 in Alberta annually — most of it during the peak vacation months of July and August. The travel bureau is emphasizing the province's off-season attractions, too; skiing in winter and hunting in fall.

A demonstration of your genuine "friendliness", the bureau hopes, will encourage tourists to enjoy their visit here, prolong their stay, return again and recommend Alberta to their friends.

The goal for the industry is to double its volume and value annually.

Food retailers, store keepers, restaurant owners and service station operators — since their operations could easily handle increased tourist business without additional expense of overhead — would share in the bulk of the tourist revenue. Retail and department stores could expect to gross an additional \$25,000,000 annually; restaurants and food stores about \$22,000,000; and service stations and garages about \$12,000,000, of which one million

dollars would be gasoline tax. Roadside purchases and refreshments would put another five million tourist dollars into circulation; novelties and souvenirs would account for three million, and revenue to hotel and resort keepers would swell by \$17,000,000. Another \$7,000,000 would be spent on transportation. Eventually, according to the travel bureau, tourist dollars would reach all phases of Alberta's economy as the primary recipients of the revenue redistributed to buy supplies, pay taxes and employ labour. One of the first industries to be benefited by tourist spending would be agriculture; farmers would profit almost immediately from the increased sale of butter, eggs, meat, cheese and vegetables. Every tourist brings his stomach with him.

"Jaycee's No Horse Road-e-o"

EDMONTON — With the yells of North America's finest cowboys and the howling of wild steers still ringing in their ears, the population of Alberta's capital city is preparing to greet contestants of a more sophisticated type of rodeo, whose winner will seek national fame and fortune against stiff cross-Canada competition.

The big forthcoming event is — the Provincial Finals of the National Teen-age Safe Driving Road-e-o!

Regional Alberta Road-e-o winners will fight for top spot, and a whack at the National Championship, at the Provincial Finals scheduled for June 2nd in Edmonton. Organized and executed by the Canada Junior Chamber of Commerce and sponsored by Imperial Oil Limited, the Teen-age Road-e-o now rates the number one slot on the nation's scoreboard of safe driving projects.

Marshaled by Jaycee volunteers and judged by high calibre road safety experts, the keen teens will man the wheels of modern automobiles and herd them through an obstacle course that leaves no driving situation to the imagination. Still in command, but with the doubtful pleasure of an examiner on board for polite and tricky conversation, teen pilots will then direct their vehicles over a preselected "in traffic" route guaranteed to include all those topographical locations car owners turn three extra blocks to test that would tax the knowledge

of highway manual specialists and leave the average driver feeling like the parents of these teen-age road-e-o jockeys when faced with a call for assistance on a Grade 12 algebra problem.

Basically designed to give young people the opportunity to prove and improve their driving habits and attitudes, the Teen-age Safe Driving Road-e-o is open to any boy, or girl, who will not have reached the age of 20 by July 5th, 1962. A valid and non-marked license (no moving traffic violations in the last six months prior to registration) form the remaining pre-requisite of entry into Regional Competition.

Alberta's hero in the 1961 playoffs was Bob Russell of Red Deer, who crowned his local efforts with a second place standing in the National event, held in Halifax, Nova Scotia. This achievement rewarded Bob with a permanent niche in the Road-e-o's Hall of Fame, a silver trophy and, best of all, a \$750 scholarship.

Apart from the prizes heaped on Provincial champions, this year's winner will receive a free trip to Victoria, B.C., where he, or she, will meet the other eleven finalists, in a six event competition that will decide just who gets what. The stakes — scholarships of \$1,250, \$750 and \$500, for the first three driving wizards under the wire, and, the reputation of being the nation's safest drivers!

Driver Responsible For Car Condition

An automobile does not usually give warning of developing flaws or weaknesses. It's up to the driver to anticipate them or discover them before they cause an accident, warns the Canadian Highway Safety Council. CHSC is conducting a nationwide Spring campaign to convince every motorist he should have his vehicle thoroughly checked in preparation for the coming summer period.

"When an accident results from a mechanical breakdown in a vehicle," the Council cautions, "the owner is usually at fault. He can place no blame on the car. It's his responsibility to maintain his car in safe operating condition at all times, and now is the time to check on all defects that might be present or developing after a hard winter of driving." The Council urges motorists to have lights, glass, steering, mirrors, brakes, exhaust, horn, wipers and tires thoroughly examined as soon as possible.

Only persons who have been dead for ten years can qualify for election to the Hall of Fame.

Grapefruit are so-called because they sometimes grow in clusters.

Economical Two-Storey Design Adaptable to Narrow Lot

This three-bedroom two-storey house designed by architect Henry Fliess, of Toronto, is particularly adaptable to narrow lot frontage. The best orientation for the house would be with the living room facing east.

The combined L-shaped living-dining room looks over the back garden with access provided by french doors. Closet space on the upper floor is good, particularly the linen storage. Another feature is the bathroom-bathroom arrangement. There is space in the basement for a playroom.

The total floor area is 1,296 square feet and the exterior dimensions are 27 feet by 24 feet. Working drawings for this house, known as Design 520, are available from Central Mortgage and Housing Corporation at minimum cost.

PRESENTED BY THE

CALGARY EXHIBITION & STAMPEDE LTD.

Bill Reeser's responsible position with Calgary Power is as a crew foreman of Farm Electric Services Ltd. After hours he is active as a director of the Calgary Power Employees Association, and as a member of the Red Deer Elks Club. In the summer months, Bill is an enthusiastic camper — as are his wife Olga and their three children.

Bill bakes a cake...

... the kind of cake that takes first prize at the country fair cooking contest! True, Bill Reeser would be the first to admit that he's far more at ease with transformers, insulators, winch-truck mechanisms and linesman's tools, than he is with the intricate art of mixing cake ingredients. But, as a Farm Electric Services crew foreman, he makes an important contribution. Bill is responsible for supervising the building of miles of farm power lines — the kind of installations that now make it possible to bake with controlled electrical heat in so many Alberta farm kitchens. You've probably seen construction crews working in your neighbourhood, helping to bring you the benefits of electrical living. They are members of a team of people who take time to be friendly.

Jackpot Prizes Boosted By \$15 at Lions Bingo

Coleman Lions Bingo night was well attended last week and prizes were won by \$10.00 Aldo Ferrara, \$12.00 split by Grace Rodnyak of Blaimore and Mary Belisch; \$10.00 split by Graham Atkinson and Vera Vyse of Blaimore; \$12.00 Steve Ryplien, \$10.00 Harry Gate; \$12.00 consolation on \$75.00 Jackpot split by Bert Young and Mrs. E. Barnett of Bellevue; \$12.00 split by B. Barnett of Bellevue and Mary Belisch; \$10.00 split by Mrs. B. Goodwin, Tillie Korman and Matt Jarvis of Blaimore; \$12.00 Harry Gate; \$12.00 consolation on \$135.00 Jackpot Joe Zak and \$10.00 split by Helen Coccolone of Hillcrest, Mrs. J. Tkatchuk of Bellevue and Bert Young. Door prizes were won by Ella Barnett of Bellevue, Tillie Korman, Mrs. L. Fauville and B. Bowring. The next bingo to be held on May

30th will feature a \$150.00 blackout in 59 numbers and a \$90.00 jackpot in 55 numbers.

Elks Bingo Winners

Coleman Elks held another successful bingo night on Friday, May 11, when prizes were won by: Grocery hamper Harry Beeber of Bellevue; rod and reel Minnie Lacroix; \$12.50 Mary Ruzek; \$15.00 Edith Clarke; \$30.00 Mrs. Cozzi; \$12.50 Annie Millie of Bellevue; grocery hamper Mrs. M. Dypolt of Frank; steam iron Henry Zak Jr.; picnic set Gordon Dunford; coffee table Anne Topak; \$25.00 split by Gordon Polacek of Natal and Jack Goulding; \$15.00 consolation on the \$200.00 jackpot in 54 numbers split by Mrs. Gilroy of Blaimore and Mrs. Joyce Gentile and 25 gallons gas split by Tillie Hillas of Blaimore and Gordon Naegli.

Live pedestrians and successful men always think fast on their feet.

Forest Conservation Week

Forest Conservation Week, which is observed all across Canada each year, during the month of May, provides the opportunity, with your help, to focus public attention on the importance of our forest resources at a time of year when people are planning to take holiday trips to forested areas.

The heavy losses suffered last year all across the West from forest fires, with most of them caused by careless people, stresses the need of constantly reminding people to always be careful with fire in the forest, not for a week, or even many weeks, but as a permanent policy of accepting a personal responsibility and playing the part of good citizens.

Nothing that lives and grows serves man in as many ways as trees. Harvested they provide over

5,000 items used in our daily lives, the enclosed list of merchandise that comes from a tree is a very partial one, but gives some idea of our dependence on wood. The forest is the source of our greatest industry, giving employment to more Canadians than anything else, except agriculture.

Living and growing they form our watersheds, home of our wildlife, protector of soils, and a great outdoor playground. In the next few months increasing thousands of our people, and visitors, will be seeking health, relaxation, and sport in our forested playgrounds. Recreation and the tourist industry are becoming one of our major sources of income, another contribution from the green forest.

The process of harvesting the forest crop and enjoying all the benefits which trees provide as they grow will go on forever, if we learn to use them wisely and protect them from fire. We can have our cake and eat it too, that's the virtue of renewable resources when properly managed. The weak link in this chain of permanent benefits is careless people. Forest Conservation Week is a time to count our blessings, realize what trees do for us, and start doing our part to protect them from their greatest enemy, FIRE.

Ship Supplies To Fire Victims

For the second time within six days Red Cross supplies were shipped from Provincial Red Cross Headquarters in Calgary this week to provide emergency relief for victims of fire disasters. The disaster victims, four adults and four children, lost most of their possessions in fires which destroyed their family homes.

Supplies of bedding and health items were sent by transport to aid a man and wife and two children left homeless in a fire at Rimbey, Alberta. Six days earlier Red Cross supplies including beds, bedding and health kits, were provided to a couple and their two children when fire destroyed their home at Royalties, Alberta. Through Mrs. M. Hayden of Longview, Alberta, Red Cross area representative, new clothing was also purchased for the children from local merchants.

Think twice — once for yourself and once for the other fellow — DRIVE SAFELY.

Muscular Dystrophy Ass'n. Issues Statement

In a statement issued recently, Arthur Minden, Q.C., Toronto, President of The Muscular Dystrophy Association of Canada, said: "I would like to make it clear that vending machines now appearing in Canadian centres, with part of the proceeds directed to the organization known as MEND, are in no way connected with MDAC's work on behalf of Canada's victims of Muscular Dystrophy. MEND is the slogan used by an American organization. The Muscular Dystrophy Association of Canada does not use

the services of any paid solicitors nor lend its name to organizations who raise funds on a percentage basis."

Mr. Minden pointed out that during the past eight years, MDAC has built up a medical research programme in Canada embracing 50 projects in 20 universities and medical centres. "Funds to support this programme have been raised by public contributions solicited by local volunteers, particularly THE FIRE FIGHTERS who have endorsed MDAC's work and provided remarkable leadership. They have been strongly supported by many different community organizations and it would be unfortunate if any confusion is now aroused in the public's mind."

This is the MAN

--Youth Experience Sincerity

Jim Coutts, Liberal

"... senior citizens' pension should not be treated as something for the auction block every time an election rolls around. A new Liberal government team will introduce a *countrywide contributory portable pension program* so that basic benefits of \$75 a month will be available and for couples could go to \$295. Those wishing to change jobs could transfer pension benefits to new jobs and those of 38 to 40 who have trouble finding jobs because companies don't think they fit into company pension schemes, would not need to worry. The self-employed can join the plan also. Earlier pensions will be available to those who are disabled, to widows and unmarried women at 60 years of age."

Production Creates Wealth

THAT'S WHY it is good business policy to encourage and support local industry.

THE MORE people there are employed locally, the more home-owners there are, the more benefit there will be for everyone.

PEOPLE EMPLOYED locally pay taxes --they buy from local stores--they help to create business.

BUSINESS is not a one-way street--it is built by co-operation, good will and a progressive outlook.

BUY FROM stores that make every effort to serve you by buying goods and services advertised in

The Coleman Journal

We Ask You to Help Build Tourism in Alberta...

- Be friendly, courteous, helpful all year round.
- Tell visitors about your local area's activities and attractions.
- Invite them into your home. • Show them your garden -- your prize hog -- dairy herd.
- Invite them to your dance.
- Get acquainted with them in your campground.
- Share the secret about your pet fishing spot.
- Erect local directional signs to points of interest.
- Paint up! Clean up! Smarten up!

But Mostest -- Be Friendly, Be Courteous, Be Helpful.

For further information on Tourist Tips for your Community write:

Mr. GEORGE LeSTRANGE,
Alberta Tourist Association,
810 Center Street,
Calgary, Alberta

Visitors are coming... Let's be friendly!

Vacationers spent more than \$70,000,000.00 in Alberta last year. This year will be bigger and better if we are all more FRIENDLY, HELPFUL AND COURTEOUS.

The year-round beauties of foothills, prairie lakes and parklands and the Canadian Rockies make Alberta an all-year playground with skiing in the winter and hunting in the fall adding to the event-filled summer months.

Tourists are YOUR customers: whether or not they're satisfied customers is YOUR business. Your business grows in volume and prosperity if your customers enjoy their visit here, prolong their stay, return again, and recommend Alberta to their friends.

MAKE THE TOURISTS' PLEASURE YOUR BUSINESS!

"Fatima" Statue To Visit Pass

The Pilgrim Virgin Statue of Our Lady of Fatima will visit the Catholic Churches in the Crownsnest Pass this week bringing with it a very important message of peace in our world. The Statue will visit the Cowley Church on Sunday afternoon May 20th, the Bellevue Catholic Church on Monday evening May 21, the Hillcrest Catholic Church on Tuesday evening May 22, St. Anne's Catholic Church in Blairmore on Wednesday evening May 23 and the Holy Ghost Catholic Church in Coleman on Thursday evening May 24.

The statue will be accompanied by Father Moore who has preached to thousands in other countries and in South America. He has talked in all capital cities over the radio warning against Godlessness of Communism. Father Moore has been inspired by the sword of non Catholics as well as Catholics everywhere to appeal for prayer and penance to save our world and to save souls. He feels that even yet if men in general would only listen and lead better lives, the evil force of Communism will be crushed and the world could be saved from the heavy threat of an all out war which will spell the total destruction of many of our larger cities and their peoples.

Father Moore's crusade will go to other countries and other parts of Canada if continued travel is possible. Godlessness, he says, cannot forever reign and God's Peace will eventually be given to the world. This is the promise of Mary the Immaculate, Mother of God. In the end my Immaculate Heart will triumph; Russia will be converted and a time of peace will be given to the world.

The statues of Fatima are carved in Fatima, Portugal, and have been taken all over the world to be used as visual reminders of the predictions of the Virgin Mother Mary. A few years ago the song of Our Lady of Fatima told some of the message to millions through the medium of records, radio and television. In September, 1952, the movie "The Miracle of Fatima" was produced and since that time has been seen by millions all over the world.

The story regarding the Miracle of Fatima occurred after the Blessed Virgin appeared six times in 1917, the 13th of each month, May to October, to the three little children of Fatima, Portugal. The theme and appeal of her message was penance and prayer of the Rosary.

On October 13th, the day of last apparition, she called herself "Our Lady of the Rosary". On this day she worked what is called "The Miracle of the Sun", 70,000 persons were present on this occasion.

The Pilgrim Virgin Statue to visit the Pass area was carved in Portugal and received at Fatima, May 13th, 1948, by Father Patrick J. Moore of the Scarborough Foreign Mission Society. He then flew to Rome and in a private audience with the Holy Father received a blessing for the Statue. Since that time the Pilgrim Statue has been taken by Father Moore to most of the Caribbean Islands, to many South American countries, to Alaska and to a number of Canadian Dioceses.

Willow Valley Shoot June 9th

The Willow Valley Trophy Club at Lundbreck have announced this week that the annual shoot will be held at the F. Lynch-Staunton

ranch twelve miles north of Lundbreck on Saturday June 9th. Shooting is to commence at 10:00 a.m. sharp and continue throughout the day. The ladies of St. Martins Church will again be on hand to serve dinner at noon and lunch in the evening.

The events this year will again include the Pete Maloff Trophy competition for 22 rifles; the Wadsworth five man team trophy competition; the WVC trophy for 22 rifle; the Blackburn trophy competition, the Ladies trophy for 22 rifles single event; the Jack Reid 22 rifle Junior Trophy event.

In the big game rifles events competitions will be held for the WVC trophies; the Harvey Davies trophy; the Timberline Saddle trophy; the Hunters Match; the Hutchinson trophy trap shoot. A grand aggregate trophy will also be awarded with contestants to earn points in five events during the day.

The committee have pointed out that all Dominion Marksman 20 yard targets will be used in all 22 competitions. Sporting rifles which do not weigh more than eight pounds. Contestants must supply their own ammunition and super clean long rifle ammunition will be available on the grounds.

The committee have also requested that last year's trophy winners please turn in their trophies on the day of the shoot so tight new winners can receive their trophies. Should the shoot have to be cancelled due to wet or inclement weather the shoot would be rescheduled for June 16th.

Thomas A. Edison was dismissed from a job as a young man for sleeping while on duty.

DEPARTMENT OF LANDS AND FORESTS

ALBERTA FOREST SERVICE

SEALED TENDERS will be received by the undersigned up to 2:00 o'clock p.m. Standard Time on June 7, 1962, for the following work:

Grade construction and culvert placement on 4 miles cleared right-of-way. Location is approximately 3½ miles southwest of Beaver Mines, Alberta.

Tender, specification and contract forms may be obtained at Room 521, Natural Resources Building, Edmonton or the office of the Forest Superintendent, Blairmore, Alberta.

Tenders will be accepted only from individuals, partnerships or companies that have been operating in Canada for one year immediately prior to the calling of tenders and that own the equipment necessary to perform the work.

Each tender must be accompanied by a bid bond or certified cheque, equal to 10% of the tender. The successful tenderer will be required to execute a contract and post a performance bond equal to 25% of the amount of the contract. The lowest or any tender will not necessarily be accepted.

E. S. HUESTIS,
Director of Forestry,
Natural Resources Building,
Edmonton, Alberta.
